

2016-2017

School Report Card

Immanuel Lutheran School

300 S. Pathway Ct.

Crystal Lake, IL 60014

The Better Schools Accountability Law of 1985 requires public school districts to report on the performance of their schools and students through school report cards. Immanuel Lutheran School is not required to publish a School Report Card but provides this information to give our parents some basic information about our school, our faculty and our students.

Beginning with the 2010-2011 academic year Immanuel implemented the Northwest Evaluation Association's Measures of Academic Performance (MAP) testing in the curricular areas of Math, Reading, and Language Arts. The comparison charts use the national norm of more than 2.3 million students.

Immanuel Lutheran School
Pre-School through Eighth Grade
Accredited by National Lutheran School
Accreditation
Certificate of Approval – State of Illinois
State Recognized

FROM THE DESK OF ED BOWER, PRINCIPAL

The primary purpose for putting this information together is to give our parents and supporters some basic information about our school, our faculty and our students.

During our most recent accreditation visit, the visiting team made the following statement, "Immanuel is a good school. This was reflected in your self-study but also by the observations made by the members of the visiting team. The school speaks out for the Christian faith to the students and to the community very effectively." Immanuel Lutheran School received an Overall School Performance Level of 2.92. At the exit meeting, ILS was told that this was one of the highest scores seen by the members of the NLSA team.

Likewise we had our visit by the Illinois State Board of Education. They do a visit to verify that the school is deserving of State Recognition. The final comment made by Assistant Regional Superintendent was very positive even going so far as to say that Immanuel was one of the best he has seen.

MAP testing is performed three times per year for students in grades kindergarten through eight. Parents receive information about their child's performance through written evaluation. The reports are used to determine areas of strength and need. They are also a source of information for instructional planning and a point of reference for the teacher.

Please review this information about our school and feel free to ask any questions you may have.

In His Service,

Ed Bower

Principal

IMMANUEL STATISTICS

- Established in 1875
- Accredited by the National Lutheran School Accreditation
- Recognized by the Illinois State Board of Education
- Teachers certified by the State of Illinois

PHILOSOPHY of IMMANUEL LUTHERAN SCHOOL

Immanuel Lutheran School, as a ministry of Immanuel Lutheran Church and in cooperation with congregation and community families, strives to prepare its students for the academic, social, and spiritual challenges they will face. Immanuel Lutheran School, with support from church and family, creates a Christ-centered environment that encourages children to creatively develop their God-given academic, physical, emotional, social and spiritual gifts as they grow into responsible young Christians.

It is the goal of Immanuel's program to produce confident, young Christian role models who reflect the love of Jesus Christ in the families, congregations, and communities in which they live and serve.

IMMANUEL'S VISION

Immanuel Lutheran School will be the foremost provider of academic instruction and Christian education in our community as we faithfully prepare the next generation for lifelong learning as confident Christians, secure in their faith, and fully equipped to serve their Savior.

IMMANUEL'S MISSION

Our mission is to provide an exceptional Christ-centered education in an environment which fosters the development of a God-pleasing academic and spiritual life.

The vision and mission statements are based upon the following key beliefs.

We believe in:

- A strong partnership between church, school, parents, and students
- A comprehensive approach to academics
- Development of the whole child

NATIONAL LUTHERAN SCHOOL ACCREDITATION (NLSA)

During the 2014-2015 school year, Immanuel went through the yearlong accreditation process. Then in the spring, a NLSA team conducted a site visit examining the educational setting of the school, including courses of study, learning materials, student needs and interest, staffing and facilities. The visiting team assessed the effectiveness of the total school program in meeting the educational objectives the school has established for itself and in meeting national NLSA standards.

The Visiting Team's Overall Impression of the School

Immanuel Lutheran School provides a safe, nurturing environment for students. Much thought and planning have gone into creating a positive learning environment. A dedicated, competent faculty provides quality instruction to ensure student success. The school enjoys strong support from the congregation and its leadership. Parents provide support through an active Parent Teacher League and through volunteer hours. The school administration provides dedicated and competent educational leadership.

Outstanding Strengths

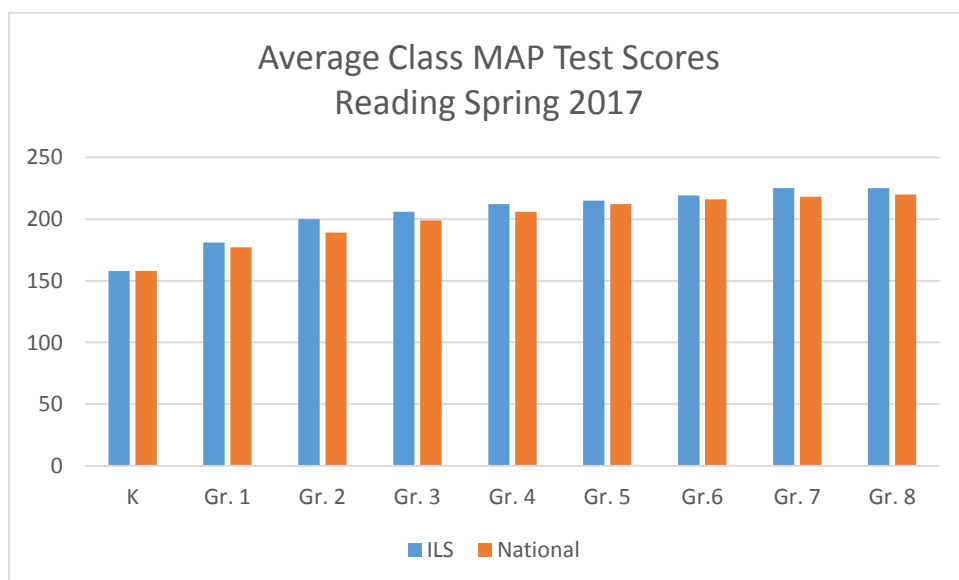

1. The purpose of the school is carried out through the highly evident teaching of the Christian faith.
2. The school's facilities provide a quality environment conducive to learning.
3. There is a high priority for student safety and security.
4. The school functions as an effective ministry of the congregation.
5. The school's strategic planning is positioning them for future growth.
6. The faculty and staff are dedicated to the mission and ministry of the school.
7. Pastoral support for the ministry of the school serves to strengthen and unify the purpose and mission of the church and school.

NWEA MAP TESTING 2016-2017

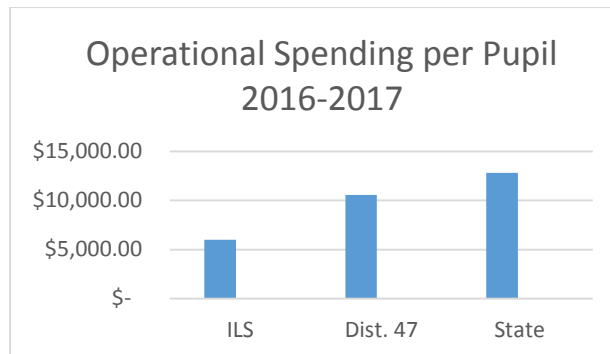

MAP testing is performed three times per year for students in grades kindergarten through eight. Parents receive information about their child's performance through written evaluation. The reports are used to determine areas of strength and need. They are also a source of information for instructional planning and a point of reference for the teacher. These test scores become a part of a child's permanent record. Furthermore, the information gives school administrators information they can use to evaluate the overall effectiveness of the education program at Immanuel Lutheran School. Comparisons can be made to the national norm group of over 2 million students. MAP tests are just one of the many tools used at Immanuel Lutheran School to provide a quality education to its students.

RIT – Tests developed by NWEA use a scale called RIT to measure students' achievement and growth. RIT stands for Rasch UnInt, which is a measurement scale developed to simplify the interpretation of test scores. The RIT score relates directly to the curriculum scale in each subject area. It is an equal-interval scale, like feet and inches, so scores can be added together to calculate accurate class or school averages. RIT scores range from about 100 to 300. RIT scores make it possible to follow a student's educational growth from year to year. For more information regarding MAP testing, please visit <http://www.nwea.org/>.

OPERATIONAL SPENDING PER PUPIL

Includes all costs for overall operations in this school's district, including instructional spending.

3rd Grade Biography Book Reports

School Highlights for 2017-2018
